

## TRANSPARENT PNEUMATIC COMPONENTS MAKE – LABTEK, ORIGIN – INDIA

The setup consists of transparent body (or cut section) of the pneumatic components which gives idea regarding the internal constructional features of the pneumatic components. Following components are included in the trainer: 3/2 Spool type Direction control valve Single Acting Cylinder Double Acting cylinder 5/2 Pilot (single pilot and double pilot) operated Direction control valve Solenoid operated 3/2 Direction control valve Solenoid operated 2/2 Direction control valve 3/2 push button operated Direction control valve Solenoid operated 5/2 Direction control valve Features: All items are mounted on inclined perforated table with proper acrylic door and locking arrangement. Compact system Modern industrial components Comprehensive training manual supplied. Range Of Experiments: Study of Pneumatic control valves Study of Pneumatic actuator
